

BUFFO WC

FIL-TEC™

WSC FILLER | POLYESTER | ROUND

Our polyester yarn and super absorbent polyester (SAP) coupled with our process gives our customers the ability to deploy a water blocking element with the highest water blocking protection. It pays off very smoothly and consistently.

FEATURES & BENEFITS

- High absorption capacity yarn
- Unique coating technology results in higher yield
- Runs virtually dustless
- Higher yield equals lower cost/km
- Several sizes to choose from
- High yield package: 50-60 km and can be customized
